DOUBLE DOOR ACCESS | CUSTOM FOAM DRAWER FILL | FR ALUMINUM COMPOSITE WALLS | MINI SPLIT HVAC | VIDMAR STORAGE | SDVOSB PRIME

- SYSTEM FEATURES
- HEAVY EQUIPMENT TRICON**
Double-door ISO Tricon outfitted with heavy equipment drawers and tray set for field-ready storage
 - CUSTOM FOAM DRAWER FILL**
Custom-cut foam inserts for each drawer, securing EOD tools and equipment during transport
 - FR ALUMINUM COMPOSITE WALLS**
Fire-resistant aluminum composite interior wall panels for durability and thermal protection
 - MINI SPLIT 50Hz HVAC**
AC/Heat system 230V for climate control in forward-deployed and austere environments
 - CUSTOM POUCHES & NETTING**
Custom pouches for drawers and tie-down netting for secure transport of sensitive EOD equipment

- TARGET CLIENTS
- EOD UNITS (EODMU-2)**
Navy EOD Mobile Units requiring deployable, organized logistic storage for field operations
 - SPECIAL OPERATIONS FORCES**
SOF units requiring ruggedized, climate-controlled equipment storage for rapid deployment
 - NAVAL SURFACE WARFARE**
NSW commands requiring standardized Tricon-based logistics for forward-deployed equipment sets
 - JOINT EXPEDITIONARY UNITS**
JEU and MEU requiring ISO-compatible, air-transportable logistics containers
 - DLA / GOVERNMENT AGENCIES**
Federal procurement via GSA, DAPA, and ECAT contract vehicles for standardized logistics sets

TRICON -- CLOSED DOOR EXTERIOR CONFIGURATION

SYSTEM OVERVIEW

The SBI EOD MU-2 Deployable Logistic System is a fully integrated, Tricon-based storage and logistics solution purpose-built for Explosive Ordnance Disposal units operating in austere and forward-deployed environments. The system consists of two Tricon configurations: a Heavy Equipment Tricon (SBI-HE-002-TC-DD-TA) and an EOD Log Equipment Tricon (SBI-ELET-05-TA), each outfitted with custom foam drawer fills, FR aluminum composite walls, Vidmar storage cabinets, a 50Hz mini split HVAC system, and custom pouches with tie-down netting. As an SDVOSB prime contractor with 30+ years of DoD and DoS support across 75+ countries, SBI delivers contract-ready, single-part-number logistics systems that close faster and meet the demands of Navy EOD and special operations buyers.

SBI VS. STANDARD PROCUREMENT

FEATURE	SBI DLS	STANDARD
Single Part Number	Yes -- full system	Multi-line order
Custom Foam Integration	Yes -- included	Separate purchase
HVAC / Climate Control	Yes -- 50Hz 230V	Not standard
COO Compliant (Berry)	USA -- verified	Not guaranteed
SDVOSB / Contract Ready	GSA / DAPA / ECAT	Varies
